# ASHFORD'S BOARD OF DIRECTORS APPROVES PLAN TO TERMINATE REGISTRATION OF ITS COMMON STOCK

Subsequent to the end of the first quarter, the Company announced that a Special Committee of independent and disinterested directors has recommended, and its Board of Directors has approved, a plan to terminate the registration of the Company's common stock under the federal securities laws following the completion of a proposed reverse stock split transaction immediately followed by a forward stock split transaction and to delist its shares of common stock from trading on the NYSE American LLC (the "Proposed Transaction"). It is expected that this plan would be initiated in the summer of 2024, subject to Ashford's stockholders approving the Proposed Transaction at a Special Meeting of Stockholders to be held for that purpose.

Ashford is taking these steps to avoid the substantial cost and expense of being a public reporting company and to focus the Company's resources on enhancing long-term stockholder value. The Company anticipates savings exceeding \$2.5 million on an annual basis as a result of the Proposed Transaction.

#### INVESTOR CONFERENCE CALL CANCELLED

The Company also announced today that it will no longer hold its first quarter conference call originally scheduled for May 9, 2024.

Included in this press release are certain supplemental measures of performance, which are not measures of operating performance under GAAP, to assist investors in evaluating the Company's historical or future financial performance. These supplemental measures include adjusted earnings before interest, tax, depreciation and amortization ("Adjusted EBITDA") and Adjusted Net Income. We believe that Adjusted EBITDA and Adjusted Net Income provide investors and management with a meaningful indicator of operating performance. Management also uses Adjusted EBITDA and Adjusted Net Income, among other measures, to evaluate profitability. We calculate Adjusted EBITDA by subtracting or adding to net income (loss): interest expense, income taxes, depreciation, amortization, net income (loss) to noncontrolling interests, transaction costs, and other expenses. We calculate Adjusted Net Income by subtracting or adding to net income (loss): net income (loss) to noncontrolling interests, transaction costs, and other expenses. Our methodology for calculating Adjusted EBITDA and Adjusted Net Income may differ from the methodologies used by other comparable companies, when calculating the same or similar supplemental financial measures and may not be comparable with these companies. Neither Adjusted EBITDA nor Adjusted Net Income represents cash generated from operating activities as determined by GAAP and should not be considered as an alternative to (a) GAAP net income (loss) as an indication of our financial performance or (b) GAAP cash flows from operating activities as a measure of our liquidity nor are such measures indicative of funds available to satisfy our cash needs. The Company urges investors to carefully review the U.S. GAAP financial information as shown in our periodic reports on Form 10-Q and Form 10-K, as amended, and our Current Reports on Form 8-K.

This press release does not constitute an offer to sell or a solicitation of an offer to buy any securities. Securities will be offered only by means of a registration statement and prospectus which can be found at www.sec.gov.
